

~ Preschool ~

Here comes summer! Over the last month we have been learning and exploring our Outer Space theme! We broke down our exploration into smaller sub-themes including: planets, constellations, moon phases, differences between day and night. Our virtue this month was all about cooperation. We worked together in the classroom to play and explore. We got a new train set for our big rug. This was a great way for us to cooperate together to create a train track and community around! We also learned more about cooperation through discussions and reading books during large group time!

During the month of June, we are going to be starting our weekly summer camps! This month we will be exploring bugs, camping, water week and beach week! This summer we are going to be having fun weekly themes to break up and have good time with the warm weather! Our virtue of the month is going to be focusing on is courtesy. We will be learning more about courtesy during group time by reading books, role play and discussion. We will also be learning and practicing our virtue throughout the day by role modeling and

suggestions of how we can be courteous of others during daily tasks, play time, and meals.

This month we will be celebrating Grayson, Ashlyn, and Eloise's birthdays! As we continue celebrating birthdays, we ask that if you're going to bring in treats for your children that they are store bought and peanut free. We are also requesting that if you're going to bring in cupcakes that they are the small cupcakes to try and reduce the amount of sugar the children are consuming. As the construction continues around us, we will be having conversations around safety, we ask that as a family you have conversations at home about safety around the construction as well!

With summer approaching we will have lots of new ways to keep safe outside! We will apply sunscreen before both morning and afternoon outside time. If you have a sunscreen that you would prefer your child to wear please bring it labeled to a teacher! We will also be pushing hydration big time in the summer! If you would like to bring a water bottle for your child that we can use during outside time you are more than welcome. Please remember that they must be labeled with first and last names and be taken home each night to be washed! We also will always provide single use and extra water bottles if needed!

In June we will also start our water days! Each Tuesday we will have water day weather permitting. Please bring a swimsuit, towel and a pair of closed toe shoes that can get wet! Closed toe must cover the tops and front of children's toes! Please make sure all gear is labeled! You would be surprised how fast 20 beach towels get mixed up!

If there are any days that your children is going to be missing or going out of town please reach out to let us know. We will be utilizing our new classroom email preschool@bloomearlylearning.org , if you have any questions, feel free to reach out to Larissa or Mariatu!

In June we will also welcome Ms. Lily back for the summer! Ms. Lily worked in the toddler room last summer and has spent the last year at Gonzaga University studying Education! She is excited to see some of the toddlers that she worked with in Preschool this year! We are excited to have around!

Reminders: Please bring home all winter gear, winter clothing, etc. We are going to be starting to utilize the hallway hooks for backpacks, light jackets, and/or sweatshirts. Be sure to empty the backpack belongings (water bottles, blankets, stuffed animals, etc.) that they need in the classroom before hanging it in the hallway.

Happy June! We love having you in our class!

- Your Preschool Team!
