

## ~Infants~

In March we took a trip to the jungle! We explored all kinds of jungle animals and also the color green. The babies enjoyed singing songs about elephants, lions, monkeys, and tigers. We looked at pictures of the animals, puppets, and all the fun artwork we made. We also worked in shamrock stories, and each made our own shamrock. During the week of St. Patrick's Day the infants stamped shamrocks, made shamrocks of different sizes, and enjoyed playing with some green noodles and green pudding! We loved reading books with different animals and practicing making our own animal sounds along with looking at the different animals around the classroom on the walls. We really enjoyed getting outside with this wonderful weather. Many of the infants have been visiting the playground and loving that, along with all our outside strolls.

In April we will celebrate all things Spring. Our color for the month is **pink** and our sign is flower. Our storyboards are filled with flowers, lady bugs, and bumble bees. For art we will make flowers in different ways, bunnies, lady bugs, and fun spring art. The sensory table is going to be filled with fake flowers, shovels, buckets, and garden gloves to explore. The infants can practice planting, putting on gloves, smelling the flowers, and sharing flowers with their friends. We hope to find some flowers and practice our hand eye coordination as we smash the flowers to make some process art. Our room is filled with lots of bigger friends right now and they are so busy, we have been finding all kinds of activities to enjoy and keep us occupied. We hope to get outside as much as possible to hear all the new sounds of spring, smell the new smells, and take in all the sights as the season changes.

This month we welcome a few new friends to the infant room and celebrate our time with a few friends that will transition to the toddler room. We are grateful for our time with each little one and the milestones that we celebrate!

### Sign for "flower"

Happy Spring,  
The Infant Room
