

~Pre-K~

In March we enjoyed learning about the colors of the rainbow, primary and secondary colors. We played several games finding common sight words throughout our class. We also celebrated St. Patrick's Day and Dr. Suess' birthday with reading various Dr. Suess books and songs.

This month we are excited to learn about our Earth and how we can take care of it, and our solar system and other planets that you can find in our solar system. We will also be learning about community helpers, and life cycles as we transition into Spring. Arbor day we will be learning about different trees we have in Minnesota. This month we will continue to work on the print around us and what that means to us right now. Our classroom is a print rich environment. We label a variety of items, and have print in interest areas beyond our writing desk and library. The children are proud when they can identify a letter or word at school, we hope they share this pride when they are out in the community, riding in the car, out at a grocery store, or reading a book with you at home.

We will continue to have guest readers come in this month to read to our class. Readers can come in on Monday's at 3:30pm-4:30 or Wednesday's 3:30-4:30 to read a (1-3) books to the class. Please reach out to the staff if you are interested in coming into volunteer.

This month we say thank you and goodbye to Mrs. Kasey. We are thankful for the time playing with the children and getting to know them. We will welcome Ms. Destiny who will join the teaching team, and work till closing. This transition will open up the children's time in the evenings to be in their classroom and extend activities. In the coming month we look forward to welcoming back Mrs. Sarah and meeting her little one Mirage!

National Days:

- We will start to celebrate some national days to incorporate into our lessons this month. This is a time to celebrate these national days and add in fun activities along with our lessons.

April 9th National Unicorn Day – Dinosaur (Dress up as a **unicorn** or **dinosaur**)

April 11th – Pet Day (Bring in a photo of your pet to share)

April 19th – Kindergarten Day (Which is on Sunday) -Crafts &Activities

April 22nd - Earth Day Celebration (wear **Green** or **Blue**)

April 26th- National Arbor Day (Special Craft)

Thinking Spring!
